NEW YORK, Sunday afternoon.

My Dear Little Julie:

It is very seldom that I break a promise, but I am going to break the promise that I made to dine with you this evening. In the first place, I think it better that we should not be together this evening, and in the second place, I want to go to the country. I think it would be wise for you to at once find some more economical place to live in than the Savoy. I shall send you a check for \$300 on the 1st of February and \$300 on the 1st of each month after wards.

While I wish I could afford to be more generous, it will at least keep you from want. Knowing that you will be angry at this note, I think it would be better that we should not meet until a little time may soften down any unkind feelings you may harbor toward me

When you are settled I would esteem it a favor if you would let me know your address, as I should be very un-

Broker Valentine, Whose Wife Played Detective, Declares She Indulged a Dollar-Limit Game.

Confines Case to Evidence of What Mrs. Valentine Alleges She Saw When She Wa H inting Evidence Against II.m.

In answer to his wife's suit for divorce Broker Charles Carleton Valentine complained that she played draw poker with a quarter ante and a dollar limit at their home, No. 127 West Nine-ty-third street.

Part II, of the Supreme Court. It attracted a big crowd. The plaintiff, Mrs. Grace I. Valentine, was expected to tell what she saw in a house in West Forty-eighth street, which she visited with her sister and two detectives in a hunt for evidence against the broker. It was believed als o that Dr. Austin Flin Edward F. Butler, of the Produce Exchange, and other well-known men, would testify in opposition to the in sinuations contained in the affidavits filed by the husband.

But the curious were doomed to disappointment so far as seeing well known citizens on the witness rack, for Justice Clarke soundly denounced the husband for the introduction of the names of these men into the case, in which he made no direct charge and whose names were mentioned with no good purpose. Justice O'Gorman or-dered that the case be tried on the specific charges made by the wife. It is the suit of Mrs. Grace I. Valen-
